1. Question: **Part II, Scope of Services, 2.1 Summary of Services & 2.2 General Information for Security Cameras.**

2.1 Summery of Services, Item 1, last sentence: The intent is for the system to be cloud based and not have to store servers on site and/or any other offsite locations.

2.2. General Information for Security Cameras, Item 3: Purchase, install and configure one 16 channel 4 TB hybrid network video recorder (NVR)/server.

What you are asking for is contradictory.

Line one states that the intent is for a Cloud based system and no onsite server. Line 3 states you want NVR/server.

Answer: HACFM's intent is to go cloud based, however the Security System Firms are the experts and need to submit proposals based on the best value for HACFM keeping in mind new technology, innovative technology and the overall best solution.
